**YOU ARE WELCOME TO
JOIN THE COMMUNITY**

WELCOME

You're always welcomed.

WELCOME!

As a member of First Community Credit Union, you are part of a unique financial organization. First Community is a full service financial institution with everything from Savings accounts to Mortgages. We're glad you have chosen First Community for your financial needs.

The advantage of a credit union over other types of financial institutions is that each is member owned. This means that every member owns a share of the credit union and is treated equally. First Community Credit Union is led by a Board of Directors elected by credit union members.

At First Community Credit Union, members accounts are fully insured up to \$250,000, and up to \$250,000 on retirement accounts by the National Credit Union Administration, an agency of the U.S. Government. Accounts can be opened with a low minimum initial deposit and earn a variable dividend, compounded quarterly or monthly depending on the type of account. Regular detailed statements and Online Banking help you keep track of your money as it grows.

Since our beginning in 1954, we have remained committed to the credit union philosophy — "People Helping People". We are dedicated to making a First-Rate financial difference in our members' lives!

BECOMING A MEMBER

With your initial \$5 deposit to a savings account, you will be a member for life as long as you keep your account active with us. Your membership extends to all of your family members as well - spouses, parents, siblings, children, grandparents, cousins, aunts and uncles. We invite them to join and hope that you will share with them the advantages of credit union membership.

From our Red Rangers youth account to our Prime Time Senior account, we have financial services tailored for all ages.

As times change, the types of products and services change. First Community's commitment to its member-owners never changes. We are always dedicated to providing the services you need to enhance your lifestyle and solidify your financial security.

Your membership with First Community Credit Union means that you have access to a variety of products and services that help you and your family build a sound financial future.

BECOMING A MEMBER

PRIMARY SAVINGS

A primary savings account is available to anyone over the age of 18 (for those under the age of 18, see specialty savings accounts below). This regular savings account opens the door to a full array of products and services.

RED RANGERS¹

The **Red Rangers Kid's Club** is designed for children 12 years of age and younger. The goal is to lead children through the world of proper money management and saving skills. Parents may also contribute to their child's account through payroll deduction. A savings account can be opened with as little as \$5 and begins earning dividends immediately.

CLAIM YOUR YOUTH (TEEN ACCOUNT)¹

Designed exclusively for teens ages 13 to 17, the **Claim Your Youth** account is the perfect opportunity for young people to learn about financial responsibility. A Claim Your Youth savings account can be opened with a \$5 deposit and offers an incentive program to encourage saving. Open a checking account to begin learning about money management too. A Visa[®] Debit Card is also available with the checking account. At age 16 or older, teens can apply with a qualified co-signer for a Visa[®] Rewards Credit Card² with a \$500 limit which includes all of the usual Visa[®] privileges.

¹These accounts require a parent/co-owner signature. ²For credit cards, a qualified borrower must co-sign on the credit card.

The Prime Time Savings Account is designed for primary members who are 65 years of age or better. As a Prime Time member, you will also enjoy discounts on Safe Deposit Boxes and free official checks. You deserve to enjoy the best years of your life!
